2017 Saskatchewan Edition Provincial Registration Form

(Registration Deadline: April 15, 2017)

Program Details

Community Type: Communities in Bloom is a program suitable for any type of community. The Community type selection is intended to allow any type of community to participate in the program.

1. Urban Municipality – Includes Cities, Towns, Villages, Northern Villages, Resort Villages and Northern Hamlets.
2. Community – Includes Organized Hamlets, Northern Settlements, Resort Hamlets, Unorganized Hamlets, Resort Communities, First Nations, Métis Communities, Special Service Areas and other community areas.
3. Rural Municipalities (R.M.) – Intended for R.M.s' that wish to participate with their entire municipal area - including R.M. governed communities, but excluding Urban Municipalities within R.M. borders.

Category Selection:

1. Competitive – Communities compete within their population categories and are evaluated based on all criteria areas of Communities in Bloom. This category provides the opportunity to progress to the national competition.
2. Novice – New communities or communities that have not been evaluated since 2014 can enter. The community is evaluated on three (3) criteria areas of their choosing. This non-competitive evaluation process includes an evaluation experience and a program workshop with the Judges as coordinated with the participating community. The intention of the Novice category is for the community to participate competitively or as an Evaluated Friend in the next year. Communities are not permitted to remain in the Novice category for more than one (1) consecutive year.
3. Evaluated Friends – Communities are not competing however, they do receive the valuable visit from the Judges in an effort to track community progress and are recognized for Bloom Achievement.
4. Friends (non-evaluated) – Communities do not compete for a Bloom rating and are not visited by the Judges. This category is recognized for participation only.

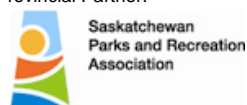

The Benefits of Participating:

- Track the quality of community growth and development over a multi-year span.
- Receive information and ideas to increase civic pride and improve the community's quality of life.
- Citizens, groups, organizations, businesses and municipal governments are mobilized and work together.
- Establish a standard for continuous improvement of the entire community.
- Achieve tangible and appealing results.
- Increase the potential for sustainable tourism, economic development, regional partnerships and population growth.
- Positively impact the cleanliness, safety and attractiveness of one's living, work and play environments.
- Increases the community's provincial and national visibility.

The Communities' Responsibilities (in the Competitive, Novice and Evaluated Friends Categories) are to:

- Involve the entire community including: volunteers, the private sector and the municipality, in sustainable projects.
- Prepare for a day of evaluation to take place during July or August, including lunch.
- Provide lodging (one night) for two (2) Judges and recognize that the Judges conduct evaluations and provide feedback as volunteers supporting the provincial edition of the program.
- Provide photographs, articles and detailed descriptions of projects to support the promotion of the program.
