THE PROGRAM

Communities in Bloom is a Canadian non-profit organization committed to fostering civic pride, environmental responsibility and beautification through community participation and the challenge of a national program, with focus on enhancing green spaces in communities. National beautification programs have flourished in Europe – including Great Britain, France and Ireland – for decades, and were the inspiration for Communities in Bloom.

The program began in 1995 with 29 Canadian communities and has grown to improve the quality of life in hundreds of participating communities in the provincial, national and international editions.

All communities are invited to participate in the provincial or national editions, within their population category.

Trained volunteer judges travel across Canada during the summer to evaluate communities and the overall contributions of municipality, businesses & institutions and residents, including volunteer efforts in regards to the following criteria:

Tidiness includes an overall tidiness effort by the municipality, businesses, institutions and the residents throughout the community. Elements for evaluation are parks and green spaces, medians, boulevards, sidewalks, streets; municipal, commercial, institutional and residential properties; ditches, road shoulders, vacant lots, signs and buildings; weed control, litter clean-up, graffiti prevention/removal and vandalism deterrent programs.

Environmental Action pertains to the impact of human activities on the environment and the subsequent efforts and achievements of the community with respect to: policies, by-laws, programs and best practices for waste reduction and landfill diversion, composting sites, landfill sites, hazardous waste collections, water conservation, energy conservation, and environmental stewardship activities under the guiding principles of sustainable development pertaining to green spaces.

Heritage Conservation includes efforts to preserve natural and cultural heritage within the community. The subsequent efforts and achievements of the community include the legacy of tangible (built/hard assets) elements such as heritage buildings, monuments, memorials, cemeteries, artifacts, museums and intangible elements such as traditions, customs, festivals and celebrations.

Urban Forestry includes the efforts of the municipality, businesses, institutions and residents with regards to written policies, by-laws, standards for tree management (selection, planting, and maintenance), long and short-term management plans, tree replacement policies, pollinator friendly tree selection, tree inventory, and Integrated Pest Management (IPM), heritage, memorial and commemorative trees.

Landscape includes planning, design, construction and maintenance of parks and green spaces suitable for the intended use and location on a year-round basis. Elements for evaluation include: native and introduced materials; balance of plants, materials and constructed elements; appropriate integration of hard surfaces and art elements, use of turf and groundcovers. Landscape design should harmonize the interests of all sectors of the community. Standards of execution and maintenance should demonstrate best practices, including quality of naturalization, use of groundcovers and wildflowers along with turf management.

Floral Displays evaluates efforts of the municipality, businesses, institutions and residents to design, plan, execute, and maintain floral displays of high quality standards. Evaluation includes the design and arrangements of flowers and plants (annuals, perennials, bulbs, ornamental grasses, edible plants, water efficient and pollinator friendly plants) in the context of originality, distribution, location, diversity and balance, colour, and harmony. This pertains to flowerbeds, carpet bedding, containers, baskets and window boxes.

Hunter Valley, ON – Tidiness Award Winner, presented by Natura

Orangeville, ON - Environmental Action Award Winner, presented by the Canadian Nursery and Landscape Association

Millet, AB - Heritage Conservation Award Winner, presented by Beauti-Tone

Brandon, MB - Urban Forestry Award Winner, presented by Communities in Bloom

Landscape Award Winner, presented by Scotts® Turf Builder®

Cold Lake, AB – Floral Displays Award Winner, presented by the National Capital Commission

PROGRAM STRUCTURE

Communities in Bloom is designed to be a continuous community improvement program. It is divided into three phases: Provincial, National and International.

Provincial Editions

Communities participate in their population category within their province with a rating of 1 to 5 blooms at a provincial awards ceremony in the fall. Any community is allowed to participate in a non-competitive category to learn about the program or, if they are past participants, to maintain their initiatives, program and committees.

The provincial editions may also include a non-competitive Mentoring category, where an experienced community guides a new community through the process of their first participation. Each provincial organization also offers special programs and categories specific to provincial context and objectives.

National Edition

Who is invited to participate in the national edition?

Population

• Past National finalists from the previous year’s national edition are invited back to the national competition
• Communities from the previous year’s provincial editions as recommended by the respective provincial organization.

Circle of Excellence

A non-competitive category for National Winners without an evaluation.

Class of Champions

A category where Canadian communities who have won in the Population category compete amongst themselves.

Grand Champions

A category where past winners of the Population, International Challenge and Class of Champions compete amongst themselves.

Special Attractions

A category that features green attractions such as parks, living history museums, public gardens, etc.

International Challenge

A competitive category between national and international winners.

*Competitive categories require a minimum of 3 communities.

**Communities in Bloom reserve the right to adjust population categories based on registrations received.

PROGRAM BENEFITS

Communities have recognized numerous benefits from participating in the program:

• Increased civic pride and community involvement
• Environmental stewardship through the enhancement of green spaces
• Mobilization of citizens, groups, organizations, businesses and the municipality
• Best practices and Information exchange
• Valuable information and feedback from the judges
• Economic development and increased property values
• Marketing and promotional opportunities
• Positive benefits for the tourism, hospitality and retail industries
• Improved quality of life
• Participation from all ages and walks of life of the community

OUTSTANDING ACHIEVEMENT AWARDS

Awards are also part of the provincial and national editions and recognize exemplary achievement in each criteria, plus other special initiatives.

PROCESS FOR PARTICIPATION Regulations

Helpful information on the program and the evaluation form are available by contacting the National Office or the Provincial Organizations by visiting: www.communitiesinbloom.ca.

Registration can be done through the provincial organizations or the Communities in Bloom National Office.

Your Local Committee

The committee is usually composed of local citizens, including one member of council and members of associations, businesses and organizations interested in horticulture, heritage and improving community life.

The committee’s objectives are:

• To involve the community by means of local contests, which increase awareness about the program, its benefits and opportunities.
• To act as a liaison with the municipal authorities and Communities in Bloom.

Budget

While participation in the program does not require considerable financial resources, obtaining funds to promote the program, involve the community, honour participants and volunteers, attend the award ceremonies, etc. is recommended.

It is suggested for the community to prepare an estimated budget and to find sources of funding, such as fundraising programs, community events, etc. Communities in Bloom can provide fundraising ideas and examples from other communities.

Bloom Ratings

Communities are rated from 1 to 5 Blooms

Up to 55 points: 1 Bloom
56-63 points: 2 Blooms
64-72 points: 3 Blooms
73-81 points: 4 Blooms
82 points and more: 5 Blooms

There are four (4) levels of 5 Blooms exclusive to the National and International Edition, for evaluated communities only.

5 Blooms: 82 to 83.9%
5 Blooms (Bronze): 84 to 86.9%
5 Blooms (Silver): 87 to 89.9%
5 Blooms (Gold): 90% and over

- A community does not have to be entered in a competitive category, but will need to be evaluated.

- With the introduction of this enhanced higher award standards, the marking of scores will be more critical.
PROGRAM COMMITMENT

The participating communities have a responsibility to:

- Involve the entire community to participate (with the support of municipal council)
- Prepare for the judging during the summer
- Provide lodging for 1 or 2 nights for 2 judges
- Provide transportation for the judges to and from the nearest airport/train station
- Attend the Provincial and/or National awards ceremonies.
- Pay a registration fee, based on population categories and level of competition.

THE JUDGES’ VISIT – USEFUL TIPS

- Prepare information that addresses all criteria in the evaluation form.
- Make good use of the time spent by the judges in your community, to benefit from their expertise.
- The judges’ itinerary should include all of the criteria.
- Provide the judges with the opportunity to interact with key individuals and network in your community.
- Let them see that you are proud of your achievements.

AWARDS CEREMONIES

The Provincial Awards Ceremonies are held in the fall and include presentations and awards to all participants along with the judges’ feedback.

The National Awards Ceremonies, hosted in a different city each year, is held in the fall, in conjunction with the National Symposium on Parks and Grounds. All National Finalists are encouraged to attend. The communities are showcased by means of community exhibits and promotional material.

GRANTS and CONTESTS

Scotts Best Garden Selection Program: A program that recognizes the hard work and dedication of citizens to create and maintain their gardens.

(https://www.facebook.com/ScottsCanada)

Scotts Gro for Good Garden Grants: for deserving communities, schools and non-profit civic organizations seeking to develop sustainable community gardens and green spaces.

(https://www.communitiesinbloom.ca/grants-contests-promos)

Nutrients for Life – School Garden Award: A grant to support a local school garden to all Canadian communities registered (all editions) in the Communities in Bloom program.

https://www.communitiesinbloom.ca/nfl-school-garden-award/

PROMOTIONS

www.communitiesinbloom.ca: CIB’s website gives visibility to our participants in the NewsComm and Explore our Communities section of our website. The website also includes a resource centre featuring information from sponsors and communities along with electronic copies of our magazines.

Social Networks: CIB participants are welcomed to send us updates, news and photos to post on our Facebook, Twitter and Instagram pages:

www.facebook.com/communitiesinbloom
www.twitter.com/cibcef
www.instagram.com/cibcef/

Garden Days (June 12 to 20, 2020): Canada’s country-wide celebration of gardens and gardening.
