

2020

Virtual Awards results

On October 8th 2020, the 26th Edition of the Communities in Bloom National Awards Ceremonies were held virtually, Celebrating Healthy Communities in Full Bloom across Canada. Communities in Bloom is a volunteer & partnership-driven organization that uses multi-tiered competitive evaluation process to foster community strength, involvement and continuous improvement. This is accomplished by nurturing environmental sustainability, enhancements of green spaces, and heritage conservation, in cultural and natural environments encompassing municipal, residential, commercial and institutional spaces.

National Chair Paul Brydges said: “On behalf of the National Board of Directors, Judges and our Sponsors, we congratulate this year’s winners and all of our communities that participated in provincial and national programs this year. Your efforts towards creating and enhancing green spaces in your communities, as well as educating the public on the value of protecting our environment is so important, especially during these challenging times. Thank you for contributing to Communities in Bloom and making your communities better places to live, work and play. Well done!”
