

2021 National Judge

Larry Hall
Retired Educator

Buena Vista, SK

Larry was born and raised in Saskatchewan. Completed his B Ed. and a post graduate diploma in educational administration. In 1999 he retired from the education field.

Throughout his career he was then, as he is now, committed to volunteer work. As a speed skating coach, Larry worked skaters who became Olympians, and coached in China on two separate occasions.

Presently Larry is the President of the Last Mountain Lake Culture Centre. He is also the Treasurer for the local United Church, and coached girls' volleyball for the last 12 years. He believes volunteering makes the community a better place to live.

After retirement he was the Mayor of his village for 9 years. This introduction to the CiB program convinced him that every community can benefit by being involved in the Communities in Bloom program. It was this that motivated Larry and his wife to become provincial judges which they have been for the last 10 years.

Larry looks forward to discussing issues from a municipal and CiB committee point of view.
